Prof. Dr. IOANA MOISIL

PROFESSOR HONORIS CAUSA

OF THE AGORA UNIVERSITY OF ORADEA

RECTOR'S PROPOSAL

Prof. Ioana Moisil was a honorary guest of the Agora University of Oradea (UAO) in 2006, 2008, 2010 and 2015, contributing substantially to the prestige of the scientific activities organized by UAO.

The Rector proposes to the Senate to award the title of *Professor Honoris Causa of the Agora University* to Professor IOANA MOISIL, with the occasion of the 6th edition of the International Conference on Computers, Communications and Control (IEEE- ICCCC 2016), conference dedicated to the anniversary of 110 years since the birth of Grigore C. Moisil (1906-1973).

Spiritul moisilian pe meleaguri bihorene

● 100 de ani de la naşterea marelui matematician Grigore Moisil

Aula Magna a Universităţii Agora a găzduit, joi, simpozionul "Spiritul moisilian pe meleaguri bihorene", desfăşurat sub genericul "2006 – Anul internaţional UNESCO - Grigore C. Moisil". Evenimentul a fost dedicat centenarului naşterii marelui matematician şi pionier al informaticii Grigore C. Moisil (1906-1973) şi împlinirii a 65 de ani de la naşterea discipolului său orădean, Gheorghe S. Nadiu (1941-1998).

Invitatul de onoare al simpozionului a fost academicianul Solomon Marcus, care a prezentat conferinţa "Grigore C. Moisil, un reper în ştiinţă, în cultură, în educaţie şi în viaţă".

Universitatea Agora a mai dedicat centenarului Grigore C. Moisil manifestarea ştiinţifică ICCCC 2006 – International Conference on Computers, Communications and Control, organizată, în perioada 1-3 iunie a.c., la Băile Felix.

Meritul principal pentru organizarea ICCCC 2006 şi a simpozionului îi revine conf. univ. dr. Ioan Dziţac – şef de catedra în cadrul Universităţii Agora şi preşedinte al comitetului de organizare a simpozionului. Ioan Dziţac a amintit că Centenarul Moisil a fost sărbătorit de

Universitatea Agora la ICCCC 2006 într-un cadru ştiinţific, între specialişti, mulţi dintre ei fiind foarte buni cunoscători ai operei ştiinţifice moisiliene şi chiar continuatori ai cercetărilor sale ştiinţifice.

"Acum, la acest simpozion, dorim să dăm acestei sărbători o tentă culturală, o dimensiune profund umană, care era o caracteristică definitorie a lui Moisil în tot ce făcea. Moisil a fost recunoscut ca

pionier al informaticii pe plan internaţional. Sărbătoarea de astăzi este cu atât mai mare cu cât despre Moisil ne va vorbi un al titan, o legendă vie a matematicii şi informaticii româneşti, academicianul Solomon Marcus, care i-a fost discipol spiritual şi ştiinţific şi care i-a editat opera matematică. De asemenea, doresc şi eu să-mi aduc modesta contribuţie, vorbind despre unul dintre continuatorii operei moisiliene, prof. dr. Gheorghe Nadiu, în catedra căruia am lucrat şi care ar fi împlinit în acest an 65 de ani, dar care, din păcate, nu mai este printre noi de opt ani", a spus conf. univ. dr. Ioan Dziţac.

Dintre cei care au prezentat lucrări şi comunicări ştiinţifice în cadrul simpozionului îi amintim pe prof. univ. dr. Mişu-Jan Manolescu, rectorul Universităţii Agora, conf. univ. dr. Ioan Dziţac, prof. univ. dr. Ioana Moisil, nepoata lui Grigore Moisil, acad. Solomon Marcus şi Liliana Antonescu, inspectorul general al Inspectoratului Şcolar Judeţean Bihor. La sfârşitul simpozionului, prof. univ. dr. Mişu-Jan Manolescu a acordat Diplome jubiliare elevilor premiaţi anul acesta la Concursul de matematică şi informatică "Grigore C. Moisil", ca şi profesorilor coordonatori ai acestora.

LAUDATIO

Adressed to Prof. Ioana Moisil,PhD
when awarding the the title Profesor Honoris Causa
of the Agora University of Oradea

Ioana Moisil was born in-Bucharest, on 25 of May 1948.

- She graduated the high-school college "George Coşbuc" in Bucharest
- In 1971 she obtained the MSc in Mathematics, speciality Elasticity, at the Universityof Bucharest
- Specialisation in informatics – ICI Bucharest 1972
- Scientific degree certificate – Université Libre de Bruxelles, School of Public Health - 1991
- PhD in mathematics in 1997 from the Romanian Academy, Institute of Mathematics Statistics "Gheorghe Mihoc" (coordinator professor Tiberiu Postelnicu), with the thesis *Incertitudine şi decizie în analiza factorilor de risc (Uncertaity and Decision in Risk Factors Analysis).*

During 1971- 1986 she worked at ICI Bucharest, at the sector for training in informatics, first as stagiar porogrammer, and then as trainer and expert trainer in informatics. Between 1986 and 1989 she is senior mathematician at IMF „Carol Davila" Bucharest – Biophysical Department. , and from1989 until 1999 senior analyst-programmer at the Ministry of – CCSSDM- Computing, Health Statistics and Medical Documentation Centre. Starting wit 1999 she is a reader and then full profesor at the „Lucian Blaga" University of Sibiu (ULBS) – Facultaty of Engineering, Since 2010 she is retired but continues the collaboration with ULBS in the frame of the Research Centre for Informatics and Information Technology-Faculty of Sciences.

Her main research interests are: applied computer science, CAI and CAL, e-learning, e-health, statistical modelling and simulation, artificial intelligence and decision-making.

Matematician-informatician, professor at the university and scientific researcher. Her professional path has two red threads: education in computer science and medical informatics. She is founding member of the Romanian Medical Informatics Society, coordinating until 2011 the Working Group on Nursing Informatics, Romanian representative in EFMI and IMIA for nursing informatics, founding member of the HIT(Healt Informatics and Telematics) Foundation, member of the European F4deration of Medical Informatics - EFMI and International Medical Informatics Association – IMIA, member of the International Institute of Tele-Medicina – IITIM – Italy, Honoris Causa Member of the *J.E.Purkyne* Boemia Medical Association, member of the International Society for Clinical Biostatistics - ISCB, member ASTRA – Sibiu, in 2010 she edited the *International Journal of Advanced Statistics and IT&C for Economics and Life Sciences* , she is one of the editors of the cultural publication "*Lumina slovei scri*se" ("*The Light of the Written Word*").

.

Work experience

During her enrollment at I.C.I. Bucureşti, Ioana Moisil lectured on programming languages:: Fortran, Pascal, Macro-11, Programming Techniques, Operacional Research, Statistics and Probabilities, Mathematical Library, Industrial Informatics. In the '80th she promoted the minicomputers Coral and Independent through training programs in the Computing Centres from our country. She published syllabuses and participated in national conferences and research projects, mainly in the field of Computer Aided Instruction and Learning. With the support of I.C.I. she organised courses of computer literacy for pre-school children and pupils. She became interested in medical informatics .in 1985 and started to promote it through conferences, workshops, publications (Computer Scince ABC series of article in Nursing Review)

Since 1990 prof. dr. Ioana Moisil is involed in many research activitiess. She published in international and national journals, and conference proceedins, 180 papers, with more than 80 citations. She is internationaly reconized as a promoter in Romania of e-health. She promoted nursing informatics in Romania, weith the support of well known European specialists: . Marianne Tallberg (Sweden), IMIA SIG-NI , Telenurse projects teams coordinated by Randi Annikki Mortensen. Ioana Moisil oranised international e-health conferences with the support of her close collaborators from EU : Bernard Richards and his colleagues from the British Computing Society, Jan H. van Bemmel from the Erasmus Rotterdam Dutch University, Jana Zvarova - EuroMISE Centre of the Charles University Prague, Patrick Weber (CH), Rolf Engelbrecht (Germany), John Mantas (Greece) and many others. As vice-president of the Romanian Medical Informatics Society, Ioana Moisil coordinated the W – Nursing Informatics and represented Romania in EFMI (European Federation of Medical Informatics) and in IMIA (International Medical Informatics Association). She contributed to the *Telemedicine Glossary* 3rd, 4th , 5th editions, Working document of EC, DG Information Society Technologies, Bruxelles, Belgium, 2001, 2002, 2003 and to *Nursing and Informatics for the 21st Century*, by Charlotte A. Weaver RN, PhD, Editor, Connie W. Delaney PhD, RN, FAAN, Editor, Mr. Patrick Weber RN, MA, Editor, Ms. Robyn Carr, RGON, Editor, ISBN: 0-97161277-5-X, HIMSS, SUA, 2006 (HIMSS –Book of the Year Award 2006).

At ULBS, Ioana Moisil lectured several courses at the Faculty of Engineering and at the Faculty of Sciences: Data Bases, Expert Systems and Data Mining, Web Technologies, Agent Oriented Systems, Statistical Data Analysing Techniques, Distributed systems, Software Engineering, Professional Communication Techniques, Electronic Commerce. She collaborate with many universities from Romania: Polytechnic University of Bucharest, Alma Mater University of Sibiu, The Romanian–German University in Sibiu, Dimitrie Cantemir University in Tg. Mures, Nicolae Bălcescu Land Forces Academy Sibiu, Agora University Oradea, Babes-Bolyai University Cluj-Napoca, Technical University Cluj-Napoca.. She coordinates more than 100 graduation works, more than 30 disertations, and se was a member in the evaluation PhD commissions (ULBS, UMF Carol Davila Bucureşti, Tehnical University Cluj Napoca), and in professional promotion commisions (ULBS, UMF Craiova, . "Vasile Goldiş" University of Arad, Nicolae Bălcescu Land Forces Academy Sibiu).

GEAUDEAMUS IGITUR

Gaudeamus igitur	Let us therefore rejoice,
Iuvenes dum sumus.	While we are young;
Post iucundam iuventutem	After our youth,
Post molestam senectutem	After a troublesome old age
Nos habebit humus.	The ground will hold us.
Ubi sunt qui ante nos	Where are those who before us
In mundo fuere?	Existed in the world?
Vadite ad superos	You may go up to the gods,
Transite in inferos	You may cross into the underworld
Hos si vis videre	If you wish to see them
Vita nostra brevis est	Our life is brief,
Brevi finietur.	It will shortly end;
Venit mors velociter	Death comes quickly,
Rapit nos atrociter	Cruelly snatches us;
Nemini parcetur.	No-one is spared.
Vivat academia!	Long live the university,
Vivant professores!	Long live the teachers,
Vivat membrum quodlibet;	Long live each male student,
Vivant membra quaelibet;	Long live each female student;
Semper sint in flore.	May they always flourish
Vivant omnes virgines	Long live all young women,
Faciles, formosae.	Easy and beautiful!
Vivant et mulieres	Long live wives as well,
Tenerae, amabiles,	Tender, loveable,
Bonae, laboriosae.	Honest, hardworking!
Vivat et respublica	Long live the state
et qui illam regit.	And those who rule it.
Vivat nostra civitas,	Long live our city,
Maecenatum caritas	And the charity of benefactors
Quae nos hic protegit.	Which protects us here.
Pereat tristitia,	Perish sadness,
Pereant osores.	Perish haters.
Pereat diabolus,	Perish the devil,
Quivis antiburschius	Whoever is against the student fraternity,
Atque irrisores.	As well those who mock us!
