

Focus & Scope

ISSN 1841-9836; **Frequency:** 6 issues/ year; **Acronym:** IJCCC; **ISO Abbrev:** Int. J. Comput. Commun. Control; **JCR Abbrev:** INT J COMPUT COMMUN;

Impact Factor in JCR2016: IF=1.374.

International Journal of Computers Communications & Control (IJCCC) is directed to the international community of scientific researchers in computers, communications and control, from the universities, research units and industry. To differentiate from other similar journals, the editorial policy of IJCCC encourages the submission of original scientific papers that focus on the integration of the 3 "C" (Computing, Communications, Control). In particular, the following topics are expected to be addressed by authors:

(1) Integrated solutions in computer-based control and communications;

(2) Computational intelligence methods & Soft computing (with particular emphasis on fuzzy logic-based methods, computing with words, ANN, evolutionary computing, collective/swarm intelligence);

(3) Advanced decision support systems (with particular emphasis on the usage of combined solvers and/or web technologies).

IJCCC is indexed and/or abstracted by: EBSCO; CrossRef/DOI; Google Scholar; Research Gate; Scimago J.; Scilit; <u>DOAJ</u>; Scopus: <u>CiteScore2016=1.06</u>; <u>SJR2016=0.319</u>; <u>SNIP2016=0.701</u>; Clarivate Analytics/Web of Science (ISI): <u>Science Citation Index Expanded (SCI-Expanded)</u>, SSCI, A&HCI, CPCI-S, CPCI-SSH, BKCI-S, BKCI-SSH, ESCI, CCR-EXPANDED, IC, <u>JCR.</u>

Submission: IJCCC is an open access peer-reviewed journal publishing original research papers and review articles. The authors must read the <u>IJCCC Rules</u> before online <u>Submission</u>. The manuscripts submitted via e-mail will be ignored by the <u>Editorial Team</u>. All submitted manuscripts will be scanned for identification of similiraties and will be analized by editors for plagiarism prevention (for this reason <u>submission tax is required</u>).

Editors-in-Chief (2018): Ioan DZITAC & Florin Gheorghe FILIP.

EDITORIAL ADDRESS

Dr. Ioan Dzitac (Editor-in-Chief)

Agora University of Oradea Piata Tineretului, no. 8 410526 Oradea, jud. Bihor, Romania Ph/Fax +40 359 101 032 Email address: ijccc@ univagora.ro URL: http://univagora.ro/jour/index.php/ijccc/

Founders of IJCCC

Dr. <u>Ioan DZITAC</u>, <u>ioan@dzitac.ro</u> <u>rector@univagora.ro</u>

Acad. <u>Florin Gheorghe</u> <u>FILIP, ffilip@acad.ro</u>

Dr. <u>Misu-Jan</u> <u>MANOLESCU</u>, <u>mmj@univagora.ro</u>

Prof. Ioan Dzitac received his B.Sc.(eq.M.Sc.) in Mathematics (1977) and Ph.D. in Information Sciences (2002) from Babes-Bolyai University of Cluj - Napoca, Romania. He is an information sciences professor at Aurel Vlaicu University of Arad (since 2009). He was an Adjunct Professor at University of Chinese Academy of Sciences - Beijing, China (2013-2016) and since 2016 is an Advisory Board Member at Graduate School of Management of Technology, Hoseo University, south Korea. He was a rector of Agora University of Oradea in period 2012-2016 and was reelected for a new mandate (2016-2020). Also he was member of the IPC of more than 70 international conferences. He is a Senior Member of IEEE (since 2011). He is included in the monograph "100 Romanian Theoretical Computer Scientists" (in the last 100 years in Romania and Republic of Moldova: 1918-2018). He has published 3 books, 12 courses and materials for students, 5 conference proceedings and more than 80 scientific papers in journals and conferences proceedings.

Prof. Florin Gheorghe Filip is a full member of Romanian Academy, President of "Information Science and Technology" Section of Romanian Academy, and director of Library of Romanian Academy. He was a Vice-President of the Romanian Academy (2000 - 2010), Managing director of National Institute for R&D in Informatics (19911997). He authored/coauthored over 250 papers published in international journals (IFAC J Automatica, IFAC J Control Engineering Practice, Annual Reviews in Control, Computers in Industry, System Analysis Modeling Simulation, Large Scale Systems etc) and contributed volumes printed by international publishing houses (Pergamon Press, Springer, Kluwer, Chapmann & Hall etc). He is also the author/coauthor of ten monographs.

Prof. Misu-Jan Manolescu is a Professor of Risk Management and President of Administration Council of Agora University. He is an Engineer, PhD in Energy Engineering, PhD in Management, President of Agora Foundation, Founder of Agora University and co-founder and Managing Editor of International Journal of Computers Communications & Control and co-founder of International Conference Computers Communications & Control. He was a rector of Agora University between 2000-2012. His publications and research results consist in 10 books, over 60 papers and 2 inventions.

FAMOUS FORMER MEMBER IN THE EDITORIAL BOARD OF IJCCC

Lotfi A. Zadeh (Feb. 4, 1921 - Sept. 6, 2017) The inventor of Fuzzy Sets, Fuzzy Logic, and Soft Computing Former member in the Editorial Board of IJCCC between 2008-2017

Interview with editor-in-chief Ioan Dzitac

Elsevier: How do you feel about being nominated for Scopus Awards 2015?

Editor-in-Chief Ioan Dzitac:

The whole team is honored by the nomination which we believe is an acknowledgement of all the hard work that stands behind the publishing of International Journal of Computers Communication & Control (IJCCC). We would like to thank our authors, reviewers and the entire team for all their dedication, originality and hard work.

Elsevier: What gap do you think your journal fills in your respective field of research?

Editor-in-Chief Ioan Dzitac:

IJCCC has been focused from the very beginning on promoting research that integrates the "3Cs" – Computing, Communication and Control as to N. Wiener's theory in order to try and differentiate ourselves from the other journals indexed in the same category by Scopus.

Elsevier: If you could pick 5 articles of great importance for your field of research that have been published in your journal which would those be and why?

Editor-in-Chief Ioan Dzitac:

I have decided to choose 5 of the most cited articles according to international databases such as Scopus and SCI Expanded:

- 1. Spiking neural P systems with anti-spikes, by Pan, L., Păun, G., 2009.
- 2. Tissue P systems with cell division, by Păun, G., Pérez-Jiménez, M.J., Riscos-Núñez, A., 2008.
- 3. Computing Nash equilibria by means of evolutionary computation, by Lung, R.I., Dumitrescu, D., 2008.
- 4. Lorenz system stabilization using fuzzy controllers, by Precup, Radu-Emil; Tomescu, Marius L.; Preitl, Stefan, 2007.
- 5. Neuro-fuzzy based approach for inverse kinematics solution of industrial robot manipulators, by Alavandar, S., Nigam, M.J., 2008.

Elsevier: For you, as Editor-in-chief, what is the most important development objective for 2016?

Editor-in-Chief Ioan Dzitac:

Reinforcing the intellectual current we have created through publishing high quality articles that bring new ideas and multidisciplinary approaches.

Elsevier: Why did you choose to publish your journal Open Access?

Editor-in-Chief Ioan Dzitac:

We have never followed financial gain as our main goal has been to publish high quality articles with a real effect on the evolution of society.

Elsevier: What do you think makes your journal stand out?

Editor-in-Chief Ioan Dzitac:

First of all it stands out through the approach of the subject by integrating the 3Cs. On top of this I would add the geographical distribution of the authors that come from over 45 countries and are affiliated to more than 150 universities. The prestige of the editorial board that included researchers from 14 countries

<u>The editorial team</u> is another strong point as it includes researchers affiliated to high ranked universities from top 100 QS (1. Massachusetts Institute of Technology (MIT), 17. Cornell University, 24. McGill University, 25. Tsinghua University, 26. University of California Berkeley, Berkeley (UCB), 56. Tokyo Institute of Technology, 70. Shanghai Jiao Tong University, 80. University of Sheffield, 89. Purdue University, 96. University of Alberta). Finally I would like to point out our association with the <u>International Conference on Computers Communications and Control</u>.

THOMSON

June 4, 2008

Dr. Ioan Dzitac CCC Publications Piata Tineretului 8, Oradea, Jud Bihor, 410526 ROMANIA

Dear Dr. Ioan Dzitac,

I am pleased to inform you that *International Journal of Computers Communications & Control* has been selected for coverage in Thomson Reuters products and custom information services. Beginning with V. 2 (1) 2007, this publication will be indexed and abstracted in the following:

- Science Citation Index Expanded (also known as SciSearch[®])
- Journal Citation Reports/Science Edition

If possible, please mention in the first few pages of the journal that it is covered in these Thomson Reuters services. I would greatly appreciate completion and return of the enclosed *Journal Information Sheet* at your earliest convenience.

In the future *International Journal of Computers Communications & Control* may be evaluated and included in additional Thomson Reuters products and information services to meet the needs of the scientific and scholarly research community.

Thank you very much.

Sincerely,

. Hollingsworth

Submission

2018 7th International Conference on Computers Communications and Control (ICCCC)

Place: Hotel President (4 stars, aqua-park, spa), Băile Felix, Oradea, România

Period: May 08-12, 2018

Co- Sponsored by

IEEE Region 08 - Europe, Middle East, Africa

and by

Cercetare Dezvoltare Agora (Research & Development Center of Agora University)

Organizer: Agora University of Oradea,

under the aegis of Romanian Academy: - Information Science and Technology Section.

Dedication: This edition is dedicated to the 100th anniversary of

<u>RICHARD P. FEYNMAN</u> (1918-1988) - American <u>theoretical physicist</u> known for his work in the <u>path integral</u> <u>formulation</u> of <u>guantum mechanics</u>, the theory of <u>guantum electrodynamics</u> and others.

ABOUT AGORA UNIVERSITY

Agora University of Oradea, established and accredited by Law 59/2012, identifies itself by the following elements (From University's Charter 2016):

Official name: Agora University; 2) Acronym: UAO; 3) Headquarter: Piața Tineretului no. 8, 410526, Oradea, Bihor, Romania; 4) Motto: Access to Success!; 5) The University' Day: 17 March; 6) Website: http://univagora.ro; 7) Distinguished signs: the emblem (the sign in the header), the seal, the flag (the emblem of the University on white flag), ceremonial clothing: robe and toque.

Accredited by ARACIS

2010 (Grade: Confidence); 2018 (Grade: Confidence)

UAO founding managers:

Agora Foundation, established on 10.01.2000, decided to found a private university (the General Meeting of Founders of 17.03.2000): Universitatea Agora (Agora University).

- Prof. Misu-Jan Manolescu, PhD, rector (2000-2012) / president of CA-UAO (2012-2020)
- Prof. Adriana Manolescu, PhD, dean (2000-2010) / president of Senate (2012-2020).

UAO is a young institution of higher education (2015 celebrated 15 years of its foundation), with a brief but dense history, proud to have many collaborators famous worldwide.

Agora University of Oradea rewards diplomas given by the National Education Ministry recognized in Romania, European Union and other countries that Romania has agreements with (<u>MEN</u>).

UAO was characterized by EUA-IEP team (2014) as "an entrepreneurial university":

EUA-IEP Team (**PDF**): "The team has enjoyed learning about the characteristics of Agora University and its role as an entrepreneurial providerof higher education in the fields of law, management and social science. It has been an interesting experience to discuss with staff, students, and external stakeholders the challenges faced by UAO and the university's efforts to address constraints and to explore future opportunities. We believe the university has the potential to take successful steps in its next stage of development."

Members of Senate

Full Members elected for the 2016-2020 mandate

- 1. Prof. Adriana MANOLESCU, Ph.D.
- 2. Prof. Elena Ana IANCU, Ph.D.
- 3. Assoc. Prof. Ioan STAN, Ph.D.
- 4. Assoc. Prof. Casian-Valentin BUTACI, Ph.D.
- 5. Lect. Radu Gheorghe FLORIAN, Ph.D.
- 6. Patricia Carmen POLEAC student FSJA
- 7. Loredana Gabriela MOCANU student FSE

Honorary Members (in chronological order of election)

- 1. Prof. Robert Joseph CHILDS, Southeastern University, Florida, USA
- 2. Prof. Salvo ANDO, Università della Sicilia Centrale "Kore" di Enna, ITALIA
- 3. Prof. Luca REFRIGERI, Universita Degli Studi Del Molise, ITALIA
- 4. Prof. Alfio D'URSO, Università di Catanzaro, ITALIA
- 5. Prof. Eva PFOSTL, Istituto "San Pio V" di Roma, ITALIA
- 6. Prof. Sabia BUCCI, ITALIA
- 7. Acad. Florin Gheorghe FILIP, Romanian Academy, ROMANIA
- 8. Prof. Pierre BORNE, L'Ecole Centrale de Lille, FRANCE
- 9. Prof.. George METAKIDES, University of Patras, GREECE
- 10. Prof. Felisa CORDOVA, University of Santiago of Chile, CHILE
- 11. Prof. Yezid DONOSO University of the Andes, Bogotá, COLUMBIA
- 12. Prof. Gang KOU, Southwestern Univ. of Finance and Economics, CHINA
- 13. <u>Prof. Yong SHI</u>, University of Nebraska at Omaha, USA & University of Chinese Academy of Sciences, CHINA
- 14. Dr. K. SRIDHARAN, Cancelar Kalasalingam University, INDIA
- 15. Ing. Gheorghe GRIGUTA, Director General- Coniz Romarg, ROMANIA

Genesis of Kalasalingam University

(AKCE), the parent institute to the University, was started in a humble way by Kalasalingam and Anandam Ammal Charities in 1984 with "Kalvivallal" Thiru T. Kalasalingam, a veteran freedom fighter as the Founder-Chairman. The Ministry of Human Resources Development, Government of India, New Delhi granted the University status (Under Section 3 of UGC Act 1956) to AKCE wide notification No. F.9-2/2002/U.3 on 20th October 2006. The University is located at the foot hills of the Western Ghats in the rural setting of Virudhunagar District, Tamil Nadu. The founding philosophy of the Institute is to Empower Youth for development through technology.

Prof. I. Dzitac, Mr. Chancellor K. Sridaran (India), Assoc. Prof. G. Bologa, Prof. M. Duțu, Prof. O. Predescu, Prof. E.A. Iancu

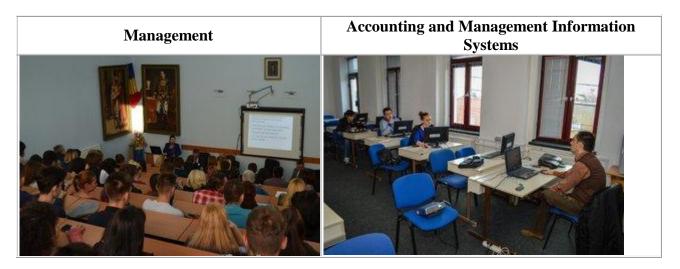

Faculties and Specializations

In 2015, in line with the recommendations of ARACIS (2010), Faculty of Law and Economics was divided into two faculties:

1. Faculty of Economic Sciences

- Bachelor: Management & Accounting and Management Information Systems;
- Master: Management of Human Resources

2. Faculty of Juridical and Administration Sciences

- Bachelor: *Law & Local police*;
- Master: Criminal and Penal Sciences, Applied Criminal Researches.

Universitatea Agora din Oradea (UAO) este o instituție de învățământ superior, de drept privat și utilitate publică, înființată/ acreditată prin Legea 59/2012. A fost fondată în 2000 de prof.univ.dr.ing. Mişu-Jan Manolescu (rector fondator al universității, în prezent fiind președintele CA) și prof.univ.dr. Adriana Manolescu (decan fondator al Facultății de Drept și Științe Economice, în prezent fiind președintele Senatului UAO).

26. DZIŢAC, Ioan

Born on February 14, 1953, in Poieni de sub Munte, Maramureş, Romania.

Education: "Babeş-Bolyai" University of Cluj-Napoca (1972–1977), Bachelor/eq. Master in Mathematics (1977).

PhD in informatics at "Babeş-Bolyai" University of Cluj-Napoca, 2002. Thesis title: *Parallel and Distributed Methods for Some Operator Equations Resolution*. Scientific advisor: Grigor Moldovan.

Positions: Mathematics teacher in Oradea, Bihor County (1977–1991); Lecturer at University of Oradea (1991–2003); Associate professor at University of Oradea (2003–2005); Associate professor at "Agora" University of Oradea (2005–2009); Adjunct professor at University of Chinese Academy of Sciences, Beijing (2013–2016); Full professor at "Aurel Vlaicu" University of Arad (2009–2018).

Research areas: Parallel and distributed computing, information systems, computational intelligence, artificial intelligence, soft computing, e-learning, applications of fuzzy logic in technology and economy.

Main results:

In my PhD thesis there are mathematical and computer science contributions related to parallel and distributed computing: an original synthesis of taxonomy of parallel architectures); computing methods of parallel fixed points in \mathbf{R}^n (parallelization of classical algorithms, new proofs of some fixed point theorems, the introduction of randomized filtered asynchronous iterations method – RFAIM); systems of algebraic equations (parallelization of classical algorithms for solving nonlinear algebraic equations and comparative studies with RFAIM); ordinary algebraic equations (the most efficient parallel methods for solving the polynomial equations of higher grade).

In the fuzzy theory and applications area are established some properties of fuzzy quasipseudo-metric spaces. An important result is that any partial ordering can be defined by a fuzzy quasi-metric, which can be applied both in theoretical computer science and in information theory, where it is usual to work with sequences of objects of increasing information. Also are obtained decomposition theorems of a fuzzy quasi-pseudo metric into a right continuous and ascending family of quasi-pseudometrics.

I have also introduced (in a joint paper with S. Nadaban) the concept of atomic decomposition of fuzzy normed linear spaces, which play a key role in the development of fuzzy wavelet theory. We obtained decomposition theorems for fuzzy norms into a family of semi-norms, within more general settings. The results hold both for Bag-Samanta fuzzy norms and for Katsaras fuzzy norms. As a consequence, locally convex topologies induced by these types of fuzzy norms are obtained.

Together with B. Stanojevic and S. Dziţac, I have proposed a new approach to solving the full fuzzy linear fractional programming problem, which leads to good decisions in certain problems where the goals may be modelled by linear fractional functions under linear constraints, and when only vague data are available.

Administrative positions: Director of Math & Informatics Department at University of Oradea (2004–2005). Head of IT Chair at "Agora" University (2005–2008). Director of R&D Center at "Aurel Vlaicu" University of Arad (2009–2017). Rector of "Agora" University (2012–2020).

Editorial boards:

International Journal of Computers Communications & Control (IJCCC; Oradea, Romania; founder and editor-in-chief), Financial Innovation (Springer), Journal of System and Management Sciences (Beijing Jiatong University, China), Broad Research in Artificial Intelligence and Neuroscience (Romania), Mathematics, Informatics, Physics Series – Bulletin of PG University of Ploiesti, Theory and Applications in Mathematics and Computer Science (Arad, Romania; associate editor), Scientific and Technical Bulletin, Series: Electrotechnics, Electronics, Automatic Control and Computer Science (Arad, Romania), Journal of Systemics, Cybernetics and Informatics (The International Institute of Informatics and Systemics, USA), Business, Management and Education (Vilnius Gediminas Technical University, Lithuania), Baltic Journal of Modern Computing.

Membership to professional organizations:

The International Academy of Information Technology and Quantitative Management – in Board (since 2014).

IEEE Senior Member (since 2011).

IEEE Computational Intelligence Society Member (since 2011).

ROMAI: Romanian Society of Applied and industrial Mathematics (Member since 1995; vice-president: 1996–2011).

SRAIT – Romanian Society of Automation and Applied Informatics – Arad branch (secretary: 2010–2014)

RNG–ISCB: Romanian National Group of International Society for Clinical Biostatistics (since 2007).

SSMAR - Scientific Society of Management from Romania (since 2010).

Advisory Board Member at Graduate School of Management of Technology, Hoseo University, Asan, South Korea (since 2016).

Honors, prizes, scientific distinctions:

Diploma of Excellence for Research, Senate of "Aurel Vlaicu" University of Arad, 2015 and 2016.

Certificate of Excellence for software – the Senate of "Aurel Vlaicu" University of Arad, 2010.

Diploma "Teacher of the Year 2008" - Senate of University "Agora", Oradea.

Diploma of Excellence – Economic Faculty Association in Romania (AFER).

Popularity Award for his work entitled "A Distributed Database for Generating Benchmark Test Informatics" presented at the *NVIC*, 2006, Bucharest, 2006.

Prize ROMAI – Romanian Society of Applied and Industrial Mathematics 2003. The title "Professor highlighted" granted by Ministry of Education, 1988.

Books:

1. Parallel Computing, Ed. Univ. Oradea, 2001 (397 pages, in Romanian).

2. Parallel and Distributed Methods for Algebraic Systems Resolution, CCC Publications, 2006 (150 pages).

3. Artificial Intelligence, Ed. Univ. "Aurel Vlaicu", Arad, 2008 (182 pages, in Romanian).

Further information:

– Invited talks at many universities from Europe, China, India, South Koreea.

- Initiator of Computer science courses and master programs (parallel computing, didactics of information, distributed systems, etc.) at universities from Oradea and Arad.

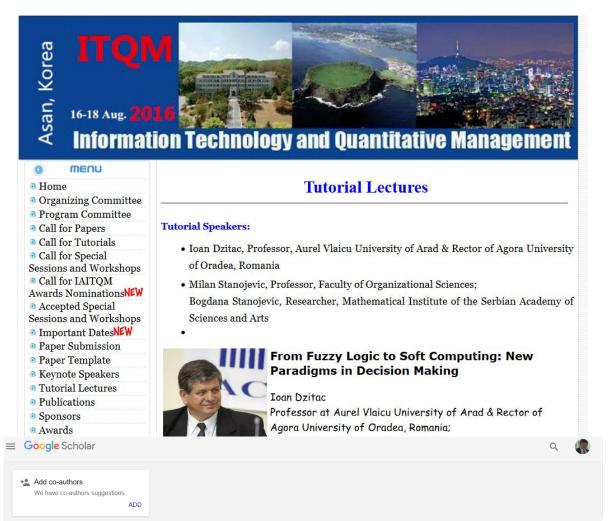

- Founder of the International Conference on Computers Communications and Control at University "Agora" of Oradea (2006).

- Founder of the International Journal of Computers Communications & Control at University "Agora" of Oradea(2006).

Fuzzy Logic Is Not Fuzzy: World-renowned Computer Scientist Lotfi A. Zadeh

Ioan Dzitac, Florin Gheorghe Filip, Misu-Jan Manolescu

Abstract

In 1965 Lotfi A. Zadeh published "Fuzzy Sets", his pioneering and controversial paper, that now reaches almost 100,000 citations. All Zadeh's papers were cited over 185,000 times. Starting from the ideas presented in that paper, Zadeh founded later the Fuzzy Logic theory, that proved to have useful applications, from consumer to industrial intelligent products. We are presenting encoding to FZ define the device for Computing Computi
